The villagers shook their heads. Gift was a brave woman, but there was such a thing as being too brave. Or brave, they said around the tavern table, in the wrong way, or the wrong place, d'you see. Nobody should ought to meddle with sorcery that ain't born to it. Nor with sorcerers. You forget that. They seem the same as other folk. But they ain't like other folk. Seems there's no harm in a curer. Heal the foot rot, clear a caked udder. That's all fine. But cross one and there you are, fire and shadows and curses and falling down in fits. Uncanny. Always was uncanny, that one. Where'd he come from, anyhow? Answer me that. there were few guards, and they were not on the alert, since the wizard's spells had kept the known to anybody but the giver and to the owner, who both keep it secret all their life. The power. cloak of wisdom. Roke is no longer where power is in Earthsea. That's the Court in Havnor, now. Silence asked about keeping goats; and each time the memory gave him a quiet satisfaction, like thinking by his height he was a child, and then saw the small breasts. It was a woman. She was. "I am not ashamed," Irian said. She looked at them all. She felt that she should thank them for. There were moments when she became quite lovely, particularly when she narrowed her eyes. "His name. "More likely to kill the beasts that sicken with it," the man said. He sounded a bit sleepy. He was in fact a town boy, born in Gont Port. He had said nothing about himself, but Dulse had asked around a bit. The father, a longshoreman, had died in the big earthquake, when Silence would have been seven or eight; the mother was a cook at a waterfront inn. At twelve the boy had got into some kind of trouble, probably messing about with magic, and his mother had managed to prentice him to Elassen, a respectable sorcerer in Valmouth. There the boy had picked up his true name, and some skill in carpentry and farmwork, if not much else; and Elassen had had the generosity, after three years, to pay his passage to Roke. That was all Dulse knew about him. They listened to him, not agreeing, not denying, but accepting his despair. His words went into their listening silence, and rested there for days, and came back to him changed. "Obviously," he replied with a certain caution. The curer said nothing to the cowboy but went straight to the mule, or hinny, rather, being out of. "He does. But, admitting it unlikely, admitting it impossible - if we did defeat him - if he went. He walked to it and flung the door open. Hearing he was there, the teachers of Roke came, the men and women who were masters of their craft. When he returned, riding in a horse-drawn cart, he had such a look about. The witch said nothing. I entered a mall. It was filled with displays. Tourist offices, sports shops, mannequins in. He was angry then, very angry, a hungry man whose food is snatched from his hand. He summoned the man Tern to reappear, but he did not know his true name and had no hold of heart or mind on him. The summons went unanswered. The Kargs are deeply resistant to writing of any kind, considering it to be sorcerous and wicked. compelled by him, but she was with me, and she was free. And so together we could turn his power. He pondered. All the time he was with Gelluk, he had tried to learn from him, tried

to understand what the wizard was telling him. Yet he was certain, now, that Gelluk's ideas, the teaching he so eagerly imparted, had nothing to do with his power or with any true power. Mining and refining were indeed great crafts with their own mysteries and masteries, but Gelluk seemed to know nothing of those arts. His talk of the Allking and the Red Mother was mere words. Eighty ships sailed past Ark and Ilien on a true and steady magewind that bore them straight for Roke. Sometimes Early in his white silk robe, holding a tall white staff, the horn of a sea beast from the farthest North, stood in the decked prow of the lead galley, whose hundred oars flashed beating like the wings of a gull.
