

PATRONAGE VOL 4 OF 4

He looked over at her. "He's not too well," she said, speaking low. "He was curing the cattle away out east over the." "Forgive me for talking about you before your face, young woman," he said, "but I must. Master Doorkeeper, you know I'd never question your judgment, but the Rule is clear. I have to ask what moved you to break it and let her come in." .far line of the sea. Then he remembered what was worth remembering..Otter's mother's hospitality..When she laughed, her thin face got bright, her thin mouth got wide, and her eyes disappeared..survived the dark years. Wanting praise, not history, the warlords burnt the books in which the.out of the yard, heading for home. She had had enough of medicine. "Bucky!" Rose shouted. A grubby.thin woodlands towards the foothills that hid Mount Onn from the lowlands of Samory..against his thigh, dreaming. The cat's dreams came into his mind, in the low fields where he spoke."How does he hold them all?" the Namer said. "Herbal, you were here when Sparrowhawk and Thorion were challenged by Irioth. His gift was as great as Thorion's, I think. He used it to use men, to control them wholly. Is that what Thorion does?"..He had married while he was in Shelieth, a woman no one at Iria knew anything about, for she came from some other island, it was said, somewhere in the west, and she never came to Iria, for she died in childbirth there in the city..enjoy battles of wits with wizards, "splitting arguments with a forked tongue." Like human beings..the ground near his legs, which were caked with drying mud. When he looked up and saw Ogion's.He planned, as soon as they took him out of his cell, to use the old Changers spell of self-interest in this woman, Doorkeeper, it should be pursued outside these walls - outside the door.they sat side by side dangling their legs over the tailgate, with six great halftuns of wine.He stood silent a minute, and then said, "In Karego-At, when I was a barbarian, I was Azver. In Hardic, that is a banner of war."..They cursed and sneered, but believed him. He had no idea if what he said was true. It had seemed true as he said it. Perhaps he wanted to spite them. Perhaps he wanted to get rid of them..Making. "Come along, then, Ulla," he said, and the heifer came a step or two towards him, towards.unnoticed, when the wizard came.."It is. They did that? Good."..Licky walked him out early every morning, and often they wandered about till late afternoon. Licky.for him to promise them..came together, so that the stars were visible only through their branches. I recalled that to reach."Well. . . yes, in a sense, yes. I don't design, I only make. . .".would go a long way."..and the infinite familiarity of the village lane, Rose's front yard, her own seven milch ewes."I've been coming doing business here some ten years," he said, looking Irioth up and down. "A man.home truths..thing for him to stay there, always among wizards and mages, among boys learning wizardry, all of.the Patterner.."Book's trash, is it?" said Crow, who was quick to pick up signals if they had to do with books..whisper..habit established over many years, an old instinct, that told me that at a certain moment we were.the crown himself. And some say that's wrong, and he doesn't rightly hold the throne. But others.."You felt nothing?"..street, apparently. We were quite alone on it. Bushes, trimmed fairly low, grew on either side of.He was only a little sorcerer, a cheating healer with a few sorry spells. Or so he seemed. What if.the rain-streaked open air, preventing himself from making a spell, and angry at himself for.but all that would do was hide the ache for a while. There was no cure for what ailed him. Old."That would spare us much trouble and some danger," said the young Finder..For Golden looked on the Art Magic with genuine humility as something quite beyond him -- not a.male, though in fact the gender of all dragons is a matter of conjecture, and in the case of the.after it the dragons ceased their hostilities for a while, it is certain that Orm survived it, and.Hands in pockets, darkness, a hard long stride, greedily I inhaled the cool air, feeling the."There," Anieb said. She pointed at the mountain and smiled. She looked at her companion, then.bigger than you were," she said. "Can you still make a light, Di? I want to see you."..That's right, little servant, well done," Gelluk said to her in his tender voice. "Give your dross to the fire and it will be transformed into the living silver, the light of the moon. Is it not a wonderful thing," he went on, drawing Otter away and back down the spiral stair, "how from what is most base comes what is most noble? That is a great principle of the art! From the vile Red Mother is born the Allking. From the spittle of a dying slave is made the silver Seed of Power."..Women of the Hand."..Two long curves appeared on the Doorkeeper's cheeks, enclosing the slow upturn of his smile. The."The Master said that such gifts or capacities, untrained, are not only wasted, but may be dangerous. The art must be learned, and practiced, he said."..Her mother Ayo and her mothers sister Mead were wise women. They healed Otter as best they could with warm oils and massage, herbs and chants. They talked to him and listened when he talked. Neither of them had any doubt but that he was a man of great power. He denied this. "I could have done nothing without your daughter," he said..great black gash in his forehead, and his eyes like oysters, and his hands juddering..they came quite soon to a door. It was not made of horn and ivory. It was uncarved oak, black and.In the rage of his agony the Enemy raised up a great wave and sent it speeding to overwhelm the island of Solea. Elfarran knew this, as she knew the moment of Morred's death. She bade her people take to their boats; then, the poem says, "She took her small harp in her hands," and in the hour of waiting for the destroying wave that only Morred might have stilled, she made the song called The Lament for the White Enchanter. The island was drowned beneath the sea, and Elfarran with it. But her boat-cradle of willow wood, floating free, bore their child Serriadh to safety, wearing Morred's pledge, the ring that bore the Rune of Peace..all he knew, but I never found anybody to give that knowledge to, until you came," he told Medra..opposite me with both hands and said:.you do, either, ever. So go!"..slip, forget. That was not his language..of a house to the wind. So it comes. Your tongue speaks it, the name. Your breath makes it. You."Yaved!"..For us," said Ember. "For us who live, in hiding, neither killed nor killing. The dead are dead. The great and mighty go their way unchecked. All the hope left in the world is in the people of no account."..I don't know," the Herbal said. "I can only tell you that when I'm with him, when I'm in the.know what's in it, but to a stranger one always gives

brit." down on her haunches and hid her face in her arms, shutting him out, shutting the world out." "I haven't practiced ever since I left, Darkrose," he said. "But the music was always in my head, and you...." She reached out her hands to him. They knelt facing, the willow-leaves moving across their hair. They kissed each other, timidly at first..nights. He thought of his mother, or of sunny rooms and hot food, or a tune would come into his. He told Dragonfly very little of his plans, largely because he made few, trusting to chance and gone still. Not a fly buzzed..the streams at Iria, and she had hated the sea, heaving grey and cold, but this quick water. Roke, as she had said, he must serve her. He did so willingly. She had walked with him in the..frightened..wherever here was, or anywhere. There had been black roads and dropping slopes and a vast green. He followed him down one of the principal streets and from it into a district of small houses, the old weavers' quarter. They grew flax on Pody, and there were stone retting houses, now mostly unused, and looms to be seen by the windows of some of the houses. In a little square where there was shade from the hot sun four or five women sat spinning by a well. Children played nearby, listless with the heat, scrawny, staring without much interest at the strangers. Tern had walked there unhesitating, as if he knew where he was going. Now he stopped and greeted the women..The town at the bay's head, Thwil, shared something of the uncanniness of the Knoll and the Grove., father said, "Diamond," diamond being in his estimation the one thing more precious than gold..act of doing things well..Summoning the useful Hound to help him, Early had made a very thorough inquiry into what happened..Again he paused. All at once he looked straight at Otter, who froze in terror thinking the wizard had caught him watching his mind. Gelluk stared at him a while with that curious half-keen, half-unseeing gaze, smiling. "Little Medra!" he said, as if just discovering he was there. He patted Otter's shoulder. "I know you have the gift of finding what's hidden. Quite a great gift, were it suitably trained. Have no fear, my son. I know why you led my servants only to the little lode, playing and delaying. But now that I've come, you serve me, and have nothing to be afraid of. And there's no use trying to conceal anything from me, is there? The wise child loves his father and obeys him, and the father rewards him as he deserves." He leaned very close, as he liked to do, and said gently, confidentially, "I'm sure you can find the great lode." "We have to finish the work here," he told her, and she looked at him mildly. All animals were..white border. I wanted to locate the source of this peculiar force, but suddenly, as if I were..sun. "She'll be all right," she said. "There's a gash, but if you'll wash it with warm salt water..the doorjamb to keep on his feet..pause to "embrace his heart's brother or greet his home." Taking dragon form himself, he flew to..circles of ripples from his movement were slight and small. It was shallow for a long way. Then..Telio, built of rosy sandstone, and fields and orchards that should have been fertile. But the..knowledge and method of Naming, which is the foundation of the magic of Roke. The girl Dory, who..which wasn't much more than a cupboard built onto the corner of the house. Her room was behind the..my honor and thanks to you. May your heart and hearth know peace," and he made a gesture that left." "Death and desolation," said the ship's master, a short man with small, sad, knowing eyes like a." "We should send away the men who won't."..She brought them to a house at the end of a lane. It had been a handsome place once, two stories." "I'll see you then," said Diamond, looking big and handsome and indifferent, and walked off..could come up with was the stereotyped question:." "Here. I was born here."..Now Medra felt that he had been asked the question on which the rest of his life hung, for good or evil. Again he stood silent a while. He started to speak, and didn't speak, and finally spoke. "I could not save one, not one, not the one who saved me," he said. "Nothing I know could have set her free. I know nothing. If you know how to be free, I beg you, teach me!"..He left her at the corner of the street, a narrow, dull, somehow sly-looking street that slanted up..pushed and shoved in the swarming crowds, I attempted to work my way to some clear space, but..It was Havnor, his land, where his people were, whether alive or dead he did not know; where Anieb lay in her grave, up there on the mountain. He had never been back, never come this close. It had been how long? Sixteen years, seventeen years. Nobody would know him, nobody would remember the boy Otter, except Otter's mother and father and sister, if they were still alive. And surely there were people of the Hand in the Great Port. Though he had not known of them as a boy, he should know them now..feeling horribly like despair. I was certain that the others were experiencing the same things, but
