I (like many reviewers) often stage a tittle play called The Adventures of Byline. Byline (or "I") is the same species of creature as the Kindly Editor or the Good Doctor, who appear from time to time in these pages. That is, she is a form of shorthand. When Byline rewrites story X, that doesn't mean that I?the real, historical personage?actually did or will or wish to rewrite story X, or that I expect its real, historical author to rewrite it to Byline's prescription, any more than my saying that "my" copy of Bug Jack Ban-on tried to punch "me" in the nose means that such an event really happened. Pauline Kael's Movie Loon is another such fiction; these little creatures we send scurrying about the page are not our real, live selves, and their exploits are dictated more by the exigencies of our form than by a desire for personal glory..The Man Who Had No Idea by Thomas M. Disch."Why not?" I shouted over the din, my eye caught by a certain face..man could sell clumsily written stories because the demand was greater than the supply..Invasion of the Body Snatchers is the first "litttle" '50s s/f film to have the honor of a remake (or at least an acknowledged one). They should have left well enough alone in this case. Color instead of b&w, a big city for the claustrophobic small town, and six chases for every one in the original did not make it better, just bigger..On Christmas Eve, feeling sad and sentimental, he got out the old cassettes he and Debra had made on their honeymoon. He played them on the TV, one after the other, all through the night, waring mellow and mellow and wishing she were here. Then, hi February, when the world had once again refused to end, she did come home, and for several days it was just as good as anything on the cassettes. They even, for a wonder, talked to each other. He told her about his various encounters in pursuit of his endorsements, and she told him about the Grand Canyon, which had taken over from the end of the world as her highest mythic priority. She loved the Grand Canyon with a surpassing love and wanted Barry to leave his job and go with her to live right beside it Impossible, he declared. He'd worked eight years at Citibank and accrued important benefits. He accused her of concealing something. Was there some reason beyond the Grand Canyon for her wanting to move to Arizona? She insisted it was strictly the Grand Canyon, that from the first moment she'd seen it she'd forgotten all about Armageddon, the Number of the Beast, and -all the other accoutennents of the Apocalypse. She couldn't explain: he would have to see it himself. By the time he'd finally agreed to go there on his next vacation, they had been talking, steadily, for three hours!."You people want to take a walk around the dome with me? Maybe we could discuss ways of giving.So there we are?a nice symbolic obtuse triangle. And yet? Amanda stabbed several times with a hairpin without being able to place it right. After a seventh or eighth try she stood up, letting the hairpins spill onto the carpet. It is an enormous piece of hardware, this Sreen craft, a veritable artificial planetoid: the antiseptic bay in which our own ship now sits, for example, is no less than a cubic kilometer in volume; the antechamber in which the captain and I received the Sreen edict is small by comparison, but only by comparison. He never told me anything that would connect him to nine deaths, mostly about where he'd been, things he'd read. He read a lot, just about anything he could get his hands on. I got the impression he hadn't really lived Me so much as he'd read it, that all the things he knew about had never physically affected him. He was like an insulated island. Life flowed around him but never touched him, I wondered if the hump on his back made that much difference, if it made him such a green monkey he'd had to retreat into his insular existence. Practically everyone I had talked to liked him, mixed with varying portions of pity, to be sure, but liking nevertheless. Harry Spinner liked him, but had discovered something "peculiar" about him. Birdie Pawlowicz, Maurice Mitian, David Fowler, Lorraine Nesbitt, they all liked him..It took Smith six weeks to increase the efficiency of the image in-tensifier enough to bring up the ghost pictures clearly.
